Head in the Clouds

Jared Evan

I, get a little bit older
The world is just getting colder
I try, to move in the right direction
I'm trying to just pay attention now
I hide
In a tunnel under my mind
Where my heart and soul they collide
I'm late
I'm always just getting lost
I revel without a cause

Tell me where to turn
Cause I'm always just turning wrong
Tell me what to do
Cause I don't know what's going on
I ain't gotta clue
Cause I only know how to do it my way
Yeah

I got my head in the clouds again
(I got my head, I got my head, I got my head)
You know I ain't coming down oh no
(Ain't coming down, ain't coming down)
I got my head in the clouds again
(I got my head, I got my head, I got my head)
You know I ain't coming down oh no
(Ain't coming down, ain't coming down)
I been the same kid
Ever since grade 6
Doing the same shit
Pulling the same tricks
Everyone still pointing fingers
Everybody got two faces
They always be stab me in the back now
When I face time and look back

Seems like nothing ever changed from the past now
My mind is just gone
I ain't know right the way to flow
Always a mile to go
Still gotta drive on the low
But I don't have time for the highs and lows
Wouldn't have stayed long
But now it's like I'm just dead and gone

Tell me where to turn
Cause I'm always just turning wrong
Tell me what to do
Cause I don't know what's going on
I ain't gotta clue
Cause I only know how to do it my way
Yeah
I got my head in the clouds again
(I got my head, I got my head, I got my head)
You know I ain't coming down oh no
(Ain't coming down, ain't coming down)
I got my head in the clouds again

(I got my head, I got my head, I got my head)
You know I ain't coming down oh no
(Ain't coming down, ain't coming down)

Ooh
I got my head, I got my head, I got my head
Ooh oh
Ain't coming down, ain't coming down
Ooh
I got my head, I got my head, I got my head
Ooh oh
Ain't coming down, ain't coming down
