

Humble Pie

Jared Evan

This time, this this time
This time, oh
This time, this this time
This time, oh

If we all came crashing down
Then we would always stick around
I still wake up feeling so/so
Cause the wave's only come in at a time

Time

This time, this this time
This time, oh
This time, this this time
This time, oh

Would you be humble if you shrink down?
Would you be humble if you shrink down?
Would you be humble if you shrink?
