

Stranger

Jared Evan

[Chorus]

I feel like I
I'm on the outside
Like a stranger
You're so cold
You treat me like
Like a stranger

[Verse 1]

I don't know what I'm doing
I feel so stupid
You didn't even say goodbye
You left me all this
You're a con artist
You're living a lie

[Chorus]

I feel like I
I'm on the outside
Like a stranger
You're so cold
You treat me like
Like a stranger

[Verse 2: Rapper Big Pooh]

Yo
I enjoy living life on the outside of the circle
Where the grays flash rays of truth
Don't be a menace for I finish this juice
Another spoof will probably go viral
No revival
For the lost thoughts just survival
For the lost art your biggest rival
Fighting the memories of others this not a recital
I am your idol
The highest title
Numero uno, but you know
How people be legalese won't save you from all the Beni B's
Eyes on your chicken for the winter's freeze
Protect your mentals at all cost the star crossed
Is just standing in line before the fall off
It's all off if you pay attention
Selling souls for a mere mention
I see'em itching now

No scratch just a pat on your back
That's why I stay where I'm at wise decision
Rapper's home

[Verse 3: Jared Evan]

Whiplash
Then you gone in a flash
Forget em' fast
It's a thing of the past, you blink fast
You get laughed at
Sinking like Nasdaq
Then ransacked
Clock clicking your heals back to the masses
The last dapper dan

Fire's what they get
Yo, your check's bout to bounce
Live on the internet
Squash your soliloquy
Mind is a bullet
Killing each and every product
Properly propping up scrilla missed
I still don't miss
Acrylic element
Hit the pen where the ceiling is
I guess that's what the cost of venom is
Morherf*ckers wanna be cold
When there's no heat though
That's why I be penning my feels
Like Masaccio
The cheat code
Like c3po
The peep hole
To see what we owe
And bust it down when we reload
I'm coming down Pico
High as Melakai
When the past acts strange
In advance
I'm gonna rise
Watch mine
[Chorus]
I feel like I
I'm on the outside
Like a stranger
You're so cold
You treat me like
Like a stranger
