

Bad Shit

Jarreau Vandal

Oh, oh, oh
Oh

Everytime I think of you
Bad shit, bad shit happens
After all I did to you
Bad shit, bad shit happens
So baby now I'm getting looser
While I'm drinking off the goose, yeah
Everytime I think of you
Bad shit, bad shit happens

All these nights I get drawn into these problems, for what?
You keep taking my conscience, I can't process your love
Stuck in my ways, missing your taste
Got me lost in the shape of you

You're my déjà vu (yeah)
Bittersweet perfume
Got me so confused
I like you when on ya

Everytime I think of you
Bad shit, bad shit happens
After all I did to you
Bad shit, bad shit happens
So baby now I'm getting looser
While I'm drinking off the goose, yeah
Everytime I think of you
Bad shit, bad shit happens

Hold up, hold up
I look at my phone and it's all blown up
Missed calls, oh God
My friends asking me what's up?
You give me more, give me more
Now I'm back at your door
While I can do better
You did me dirty before and while I choose to ignore
While I know your cappin

You're my déjà vu (yeah)
Bittersweet perfume
Got me so confused
I like you when on ya

Everytime I think of you
Bad shit, bad shit happens
After all I did to you
Bad shit, bad shit happens
So baby now I'm getting looser
While I'm drinking off the goose, yeah
Everytime I think of you
Bad shit, bad shit happens

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

Yeah, yeah, yeah, yeah
Everytime I-

Everytime I think of you
Bad shit, bad shit happens (everytime I think of you)
After all I did to you
Bad shit, bad shit happens (know what I did to you)
So baby now I'm getting a loser
While I'm drinking off the goose, yeah
Everytime I think of you
Bad shit, bad shit happens
