

# Break My Back

Jarreau Vandal

If you think that I need you  
I'm sorry to mislead you  
I'm growing, I'm growing, I'm growing  
I'm not here to feed you  
Keep thinking that I'm stupid  
I'm hot, you are humid  
Your bestie wants me naked, yeah, he thinks that I'm the cutest  
I'm mad, I'm affected howling at the moon  
Mama said it's coming yeah this must be 22  
I'm in two different dimensions I'm running out of juice  
He said that he could eat me up, he want a rendezvous

Oh baby don't you worry  
You know that I'll be good  
And I'm not really sorry  
For what I'm about to do

Boy, you can break my back  
Working 9 to 5 I can push right back now  
Boy, you can break my back  
I need a distraction  
So blow my back out  
Boy, you can break my back  
Working 9 to 5 I can push right back now  
Boy, you can break my back  
I need a distraction  
So blow my back out, boy

Is it something in the water  
I'm feeling kinda sexy  
Mr. Right is wrong now  
I need it kinda messy  
Do it to me now or you can do it to me next week  
Do it to me now uh huh it really does affect me

Oh baby don't you worry  
You know that I'll be good  
And I'm not really sorry  
For what I'm about to do

Boy, you can break my back  
Working 9 to 5 I can push right back now  
Boy, you can break my back  
I need a distraction  
So blow my back out  
Boy, you can break my back  
Working 9 to 5 I can push right back now  
Boy, you can break my back  
I need a distraction  
So blow my back out, boy

Girl, Imma break your back  
I'll hit it so good that you won't forget now  
Girl, Imma break your back now

Boy, you can break my back  
Working 9 to 5 I can push right back now

I need a distraction
