

Down About It

Jarreau Vandal

Ooh
Hey, yeah

Hopefully, one day I'll sing about happy
But for now, I guess I'm feelin' real sad
And they say that nothing can stop me
But for now, I'll take the good with the bad

I must have tried a thousand times
But nothing's wrong with me, nothing's wrong with me
Days that I've wasted with weeping and crying
Though nothing's wrong with me, nothing's wrong with me

Stop sittin' round and feelin' down about it
Be happy
Nothing ever comes your way when you're sad
Stop sittin' round and feelin' down about it
Be happy
Nothing ever comes your way when you're sad

I can feel a change coming
It seems that way to me
I could just give up on stuff
But that is so easy
We're just spinnin' round and round
It's simple as could be
Complicating your own mind's the last thing that you need

Monday, I gave up on my blue days
It's been gettin' better since Wednesday
And Thursday, and Friday, and Saturday
The blues stay away

I must have tried a thousand times
But nothing's wrong with me, nothing's wrong with me
Days that I've wasted with weeping and crying
Though nothing's wrong with me, nothing's wrong with me

Stop sittin' round and feelin' down about it
Be happy
Nothing ever comes your way when you're sad
Stop sittin' round and feelin' down about it
Be happy
Nothing ever comes your way when you're sad
