

# Easy

Jarren Benton

Well look at the old school top back, it's easy, it's easy  
I don't gotta show you, you got that, believe me, believe me  
I've got a lotta' fucks, middle fingers up  
I've got a lotta' fucks, middle fingers up  
If you don't give a fuck, middle fingers up  
Middle fingers up

Yeah, yeah  
Be careful 'bout the things that people don't say  
They could stab you in the back like they the OJ  
You don't wanna see me slide back in my old ways  
'Cause yo, I don't play  
Nah, when me and the homies are pulling up  
The women around us are showing love  
I open my wallet, they open up  
We double our money for showing up  
Shit, I might bag a couple rock chicks  
'Cause they get aggressive when we sex, it's like a mosh pit  
Yeah, fuck with us, these bitches can't fuck with us  
Why you got your hand out knowing damn well you ain't touching us?  
And you bought them followers just to run them numbers up  
See us in them whips but you can't come with us, nah

Well look at the old school top back, it's easy, it's easy

Yeah, uh, yeah, uh  
Fresh up out the pussy, wash my dick up in the sink  
I don't kiss these bitches bye 'cause she'll get lipstick on my mink  
Mind always on paper, think I'll pour myself a drink  
I might cop the old school, extra 4Gs on the pimp  
Yeah, I pull up and pop out like, ugh  
My niggas stay with the jewel  
I wrap up my jewels in a hood  
I wish a fuck nigga would  
I am so misunderstood, "hey bitch, do you know who I am?"  
Ay, you ain't gon' fuck on the first date?  
Sorry, a new change of plans  
I put that bitch on a mega bus  
I know you niggas are scared of us  
Grandma, your babies ain't living right  
We get back home, she gon' lecture us  
More money, more problems  
I came from the bottom, my net below zero  
I needed to bargain, these niggas are plotting  
I stay with the car [?]

Well look at the old school top back, it's easy, it's easy
