

# Murder Everything

Jarren Benton

Uh, yeah  
Pourin' liquor for my niggas that's buried in cemeteries  
Give 'em roses while they livin' 'cause this shit is temporary  
God be the glorious, murder shit, it get gory  
Jason Voorhees with a stick and a .40, dick in your shorty  
Dead before this honor, no snitches, stick to the story  
Shoot the Draco out the spaceship doors, Ricky and Morty  
AT-Alien, get this paper like I'm an ATM  
I'm seven-thirty, a half hour until it's 8PM  
I eat everything, bitch, I'm a glutton  
Drama on [?] play the percussion  
The bully, niggas must suffer the repercussion  
Best flee when the creature summons  
And bleed when the Reaper touch 'em, ugh  
Flip the budget, got dope in the kitchen cupboard  
Love money like fat whores love chicken McNuggets  
I work out my triceps by strangling guys' necks  
Walk through Hell without a scarf, you wouldn't survive that  
My fire arsenal need a Fire Marshal  
I put meat inside your bitches grill and I didn't need to go buy the charcoal  
Get rid of haters, get your weight up and go get this paper  
These rappers are sweet, they share their bitches' makeup  
Ugh, Lil Nas X off of Old Town Road, coke inside the pirates  
I'm a virus, Billy Rae Cyrus, my advice is  
Before he die, look him right inside the iris  
Bodies lay lifeless, any way the dice flip  
I'ma go hard, bitch, I used to work the night shift  
If it's beef, my niggas eat up the cattle  
Burn up Tabernacles and tear the wings of off Pterodactyls  
I play the wall like Spackle, calm as a statue  
Take the clip out the .40 and use the barrel to smack you  
Hit the pussy from the back in some designer slippers  
She let me cut but couldn't find the scissors  
I like my hoes in twos so go and find your sister  
Niggas turn to tough guys soon as they sign in Twitter  
Now you feelin' bitter since I signed with Jigga  
Still a fuckin' schizo, I pull up just to remind you niggas

Murder everything, murder everything  
Murder everything, murder everything  
Murder everything, murder everything  
Nothing shall remain, murder everything  
Murder everything, murder everything  
Murder everything, murder everything  
Murder everything, murder everything  
Nothing shall remain, kill 'em all, murder everything
