

## No Where 2 Go

Jarren Benton

Wife's still bitchin'  
I'm in the kitchen  
I ain't cooking crack, no, nigga that's fried chicken  
Pop 2 of these, get high and ride with 'em  
It's Russian Roulette, survive or die with 'em  
If one more fag say swag  
I'm-a probably fucking gag, get mad, and whoop his ass  
Haha, look at that, Jarren's irritated  
I can't breathe bitch, I'm hyperventilating  
I'm antisocial, fuck this conversation  
My wife say "chill, just drink in moderation"  
Yep, it's the inauguration  
Of a pessimistic rapper that's waiting to kick your face in  
I'm trying to bring hardcore back  
Nigga's in the club with a baseball bat  
They say "we don't like the way y'all rap  
Got a semi-automatic, better pay y'all tax"  
Bougie whores say "Jarren we don't get you"  
Don't ever disrespect me again, bitch I'll hit you  
Jarren got issues, life's so hard  
You nerds heard it first with the fucking beat gods

Breakers, skaters  
B-boys, haters  
Oh, everybody fuck that  
Still nowhere to go  
Yeah, still nowhere to go

Nigga I'm ill  
Still got bills  
Past due collection, nigga that's real  
So how can I chill  
When unemployment sucks  
Tap dance for the man like "sir, I give a fuck!"  
My economy is fucked  
The rap game's fucked  
Dumb nigga spent his last on some rims for his truck  
And I still pray to be a legend in the game  
But the vision's now jaded cause of bullshit and pain  
So how can I deal with the bullshit and lame  
I just want to fly away, fuck the bullshit and fame  
My attitude's reckless  
Snatch a rapper's necklace  
And beat a nigga's ass at the drive-thru at Checkers  
1 word: love  
Too much drugs  
Got me passed the fuck out on my grandma's rug  
Jarren got issues, life's so hard  
You nerds heard it first with the fucking beat gods

"Yeah nigga  
Ayy, my motherfuckin' swag's so serious nigga  
I wake up, I put on a motherfuckin' swag jacket nigga  
I put swag motherfuckin' syrup on my pancakes nigga when I wake up nigga  
Swagger, swagger, swagger, nigga  
My swag this, my swag--"  
(Gunshot)

Nigga shut the fuck up about your fucking swag  
This is fucking music at it's fucking best  
Jarren Benton  
That bitch ain't fucking dead nigga I just fucking shook that bitch  
Get the fuck up bitch  
You ain't dead  
You ain't dead bitch!
