[Jarren Benton]

Yeah hit a nigga with an ice stick  
Stab his heart with an ice pick

Smoking dope and sippin ice slitch (cough) I'm sick  
Your ho was choking up on my dick  
So I hit the bitch with the Heimlich  
Lurk the block for a trick of rock  
Kick the door we don't twist the knob  
Covering this bitch with a ninja mask start stabbing niggas with a shiskabob  
Calamity the industry couldn't handle me  
Am I the only guy who wanted to fuck Casey Anthony  
I don't give a shit if she just killed the kid  
And stuffed her in the trunk I'd still let that bitch suck my dick  
Mad scientist rule with an iron fist  
Fuck swag show up looking bummy I ain't on to shit  
Jarren Benton pull your bitches hair extensions  
Freebasing with Kevin Bacon  
Popping pills with Paris Hilton  
Twelve o' clock bitch where's your children  
Stuff them in the stove and kill them  
Take them out and throw them on your porch bitch now go and get them

[Hook]
