

Comically Radical Attitude

Summer's coming
No more history

Traverse the empty mall
I will grind on the rail at Cinnabon
Skateboarding with all of my bestest friends
Awaken to the pepperoni pizza grease
Escape from the routine

Ridiculous and boring school
Reconnect with the homies at the pool
Totally
Reform the reputation that I lost
Destabilize the parents house

Sequencing continuous energetic party snacks
Exploration of this total mess
Suburban unpopularity
Hypothetical educational uselessness

What will become of our summer break time
Exponential and autonomous immaturity
Cross between a pizza slice and taco shells
And taco shells
My mom and dad are gonna ground me for eternity

The pizza shop accumulation
Deep within the basement of my mommy's house on a Friday night
Understand the hypothetical party snacks
I cannot fathom the summer romance
Pizza Party

Pizza Party

Protoplanetary popularity
Multidimensional pizza attitude
Searching for my girlfriend at the mall
At the mall

Skate or die
Construct additional half-pipes
