

Plandemic

Jarrold Alonge

A clever ruse
The throat makes me sick
Open your eyes
To this plandemic
Plandemic

This is the new world order
My liberty is dead
Fuck your globalist agenda
You will never tread on me
Made in a Chinese lab
You can't prove it's not true
Bill Gates's the mastermind
Operative of the deep state
No vaccine
Dr. Fauci owns the patent
They're both behind this all

I watched a video
It got removed from Facebook
Also removed from YouTube
That's how you know it's true
Counting germs
I need to feel oppressed

I wrote a song about how corona
Was caused by 5G
Burn down the towers

Arf, arf
Code red, blegh
Get me a cough drop
