

Giving It Up

Jarryd James

You don't need to say it.
I already feel it, in your touch.
Unanticipated.
Who would ever think that it could hurt so much?

Oooh how can it be, that I am giving it up for the two of us?
Is it enough for the two of us now?
Oooh how do we know where love goes?
Giving it up for the two of us.
Is it enough for the two of us?

I don't need to say it.
No need to put it on the line.
So complicated.
So many things you save for someone else.

Oooh how can it be, that I am giving it up for the two of us?
Is it enough for the two of us now?
Oooh how do we know where love goes?
Giving it up for the two of us.
Is it enough for the two of us now?

Oooh how can it be, that I am giving it up for the two of us?
Is it enough for the two of us now?
Oooh how do we know where love goes?
Giving it up for the two of us.
Is it enough for the two of us now?
Oh.

Run away, we could run away.
For the sake of running.
For the thrill of running.
For the pain of running away.
Run away, we could run away.
For the sake of running.
For the thrill of running.
For the pain of running away.

Oooh how can it be, that I am giving it up for the two of us?
Is it enough for the two of us now?
Oooh how do we know where love goes?
Giving it up for the two of us.
Is it enough for the two of us now?

Oooh how can it be, that I am giving it up for the two of us?
Is it enough for the two of us now?
Oooh how do we know where love goes?
Giving it up for the two of us.
Is it enough for the two of us now?
