

# Miracles

Jarryd James

Tell me what you're takin' to get the greatness  
What's the education, what's the basis?  
I don't breathe the vapours to get the feelings  
In order to fake it, can't escape it

One at a time, remember  
One at a time  
What's the education, what's the basis?  
What's the basis, what's the, what's the basis?

I been praying so long  
I been waiting so long  
I been praying for miracles  
I been praying so long  
Hesitating so long  
I been waiting on miracles

What's your situation, what you chasin'?  
Daily medication to stop the shakin'  
I don't need the vapours to get those feelings  
Don't wanna fake it, never escape it

One at a time, remember  
One at a time  
What's the education, what's the basis?  
What's the basis, what's the, what's the basis?

I been praying so long  
I been waiting so long  
I been praying for miracles  
I been praying so long  
Hesitating so long  
I been waiting on miracles

One at a time, remember  
One at a time  
What's the education, what's the basis?  
What's the basis, what's the, what's the basis?

I been praying so long  
I been waiting so long  
I been praying for miracles  
I been praying so long  
Hesitating so long  
I been waiting on miracles

I been praying so long  
I been waiting so long  
I been praying for miracles  
I been praying so long  
Hesitating so long  
I been waiting on miracles
