

## Nothing's Ever Wrong

Jarryd James

I was always running by myself on fire  
I was always searching for a bigger liar  
And it's not my fault  
Cuz nothing's my fault

I was always searching for a harder hammer  
I was always blaming it on my brother  
Cuz it's not my fault  
Well, nothing's my fault

Oh, it's not my life  
I don't need your advice  
Nothing's wrong  
Nothing's ever wrong

I am always turning a sharper corner  
I am always putting it on my shoulders  
And it's all your fault  
Cuz it's not my fault  
And it's all your fault  
Cuz it's not my fault  
And it's all your fault  
Cuz it's not my fault  
And it's all your fault  
Cuz it's not my fault  
And it's all your fault  
Cuz it's not my fault
