Sure Love

Jarryd James

What if these days are gone?
What if I come and go here again?
Doin it for the thrills
Doin it while we're young enough

What if these days are gone?
What if I come and go here again?
Doing it for the thrills
Doin it while we're young enough

Will you remember the way?
Laidback, sure love, those days, when you said my name
And in the sun and the rain, we knew it was strong
Will you remember the way?
Laidback, sure love, those days, when you said my name
I never thought it could change, we knew it was strong

What if these days are done?
What if they die? One at a time, oh
Doin it for the bills
What if we're never young enough?

What if these days are done?
What if they die? One at a time, oh
Doin it for the bills
What if we're never young enough?

Will you remember the way?
Laidback, sure love, those days, when you said my name
And in the sun and the rain, we knew it was strong
Will you remember the way?
Laidback, sure love, those days, when you said my name
I never thought it could change, we knew it was strong

Know that I've been thinking 'bout your love
Yeah, I've been dreaming for so long
Know that I've been thinking 'bout your love

Will you remember the way?
Laidback, sure love, those days, when you said my name
And in the sun and the rain, we knew it was strong
Will you remember the way?
Laidback, sure love, those days, when you said my name
I never thought it could change, we knew it was strong
