

# Take Me Higher

Jars of Clay

It took a lot to turn away  
Blood and water from one side  
It took your eyes to stare me down  
It took the truth to set me free, to set me free

Looking for place to hide  
Waiting for the wind to rise  
My soul is waiting  
Looking for a place to hide  
I need a little peace tonight

Take me higher than the sun  
You are the only one  
Take me higher than the sun

Around the ceiling of the heart  
Is where we feel the things that send us away  
To where the blind can see the stars  
So do you see the stars, do you see the stars?

Looking for a place to hide  
I need a little peace tonight

Take me higher than the sun  
You are the only one  
Take me higher than the sun

Take me higher than the sun  
You are the only one  
You are the only one

Take me higher than the sun  
Take me higher than the sun  
Take me higher than the sun  
You are the only one  
You are the only one  
You are the only one

Higher than the sun  
Take me higher than the sun  
You are the only one

Take me higher than the sun  
You are the only one  
You are the only one  
You are the only one...
