

# Heavy Weather

Jarvis Cocker

This morning it was summer  
By noon a cold front building  
Where did you go?  
Where did you go?

I got to find some shelter  
'cause any minute now  
It's gonna blow  
It's gonna blow

But I don't mind the rain  
So strike me once again:  
I've got nothing to lose

And it looks like we are in for stormy weather  
With death and destruction coming through  
Oh, look out there she blows  
Now everybody knows:  
Stormy weather always makes me think of you

And watch out 'cause the storm is coming through

But you're so still and silent  
Whilst everything's dissolving  
Melting away, melting away

But I don't mind the rain  
So strike me once again  
I got nothing to lose

Yeah, it looks like we are in for stormy weather  
With death and destruction coming through  
Oh, look out there she blows  
Now everybody knows:  
Stormy weather always makes me think of you

Oh and it looks like we are in for stormy weather  
With death and destruction coming through  
Oh, look out there she blows  
Now everybody knows:  
Stormy weather always makes me think of you

And watch out 'cause this storm is coming through  
Yeah, watch out 'cause the storm is coming through
