

GHOSTKILLA

JASIAH

Dwilly, I'm scared

She a ghost killer
Drown his body in the river, go, black figure
Black mask with the ruger, don't pull the trigger
Money bigger
Only time I'm down is when I drop a bag, a bag to pick up
And now he wanna walk out, lights, Glock, action
Said she wanna stay and so she gave me satisfaction
That bitch, she talk down
Throwing bullets, where yo' cap bitch?
Ruger got a flash, bitch, I caught you lackin'

Say he wanna fuck with us, please don't fuck with us
A black mask just in case we fuck it up
She suck it up, we shut 'em up
I'm at your crib, knock down your door
Lil' bitch, I think your luck is up

'Cause she a ghost killer
Drown his body in the river, go, black figure
Black mask with the ruger, don't pull the trigger
Money bigger
Only time I'm down is when I drop a bag, a bag to pick up
And now he wanna walk out, lights, Glock, action
Said she wanna stay and so she gave me satisfaction
That bitch she talk down
Throwing bullets, where yo' cap bitch?
Ruger got a flash, bitch, I caught you lackin'

Ayy, bitch I'm in a black mask, bring it back
I just got a brand new Glock black, black
Shoot 'em in his face, now he just a hashtag
[?] while I'm in his Wraith
All up in your flexed up, next up
Ghost face killa
With my blade tucked, bitch get off my dick

Set it off, break it off
Lil' bitch, no you won't make it
Why the fuck you think she let you crawl?

'Cause she a ghost killer
Drown his body in the river, go, black figure
Black mask with the ruger, don't pull the trigger
Money bigger (Uh)
Only time I'm down is when I drop a bag, a bag to pick up (A bag to pick up)
And now he wanna walk out, lights, Glock, action
Said she wanna stay and so she gave me satisfaction (The satisfaction)
That bitch she talk down
