Don't bring your ho, that bitch gon' come back to the lair
My Glock got 15 in this clip, I can't play fair
My fit like 15 racks, don't touch, but you can stare
I-I took a white ho to the back, her name was Sarah
She ate this dick so great, I had to grip her hair
Why niggas hating on me, I can't even care
No niggas waiting on me, Imma see them later

I'm ready baby got racks next to my dick
I'm ready baby, no these niggas not on shit
No pumpfake niggas, no more snitches, no more bluffs
No more balenci, if you wear it, you a dub
I'm turnt up bitch no more delays, okay, let's get it
My Glock been itchin' for a lick, okay, don't act suspicious
That nigga know he sweet, don't make me come and crash your business
Bad bitches want my love, but right now, I can't pay attention
Them racks a must, them racks a must
Your cash is small, (he broke as fuck) I know that sucks
That talk is cheap so do not fuss (so do not fuss)
Your girl a squirrel just for this nut (just for this nut)
