Dwilly, I'm scared

I've been drownin' in the feelin', feelin' like I reached my limit
Lookin' back, don't get too close
Where you at? Don't get too close
Golden pastors, open letters
If I told you, don't you tell her
Lookin' back, don't get too close
Where you at? Don't get too close
I've been drownin' in the feelin', feelin' like I reached my limit
Lookin' back, don't get too close
Where you at? Don't get too close
Golden pastors, open letters
If I told you, don't you tell her
Lookin' back, don't get too close
Where you at? Don't get too close

She like, "Why you act so distant, how you end up missin'?"
Bitch don't get too close, you know I'm only tryin' to hit
Don't rush my thoughts, but I need them off
I'm runnin' with the view, you could see it all
You could be with them, but they not like us
If I lose my cool, then I'm takin' off

Bitch, it's nothin', it's nothin'
Bitch, it's nothin'
Bitch, it's nothing to me, to me

I-I-

I've been drownin' in the feelin', feelin' like I reached my limit
Lookin' back, don't get too close
Where you at? Don't get too close
Golden pastors, open letters
If I told you, don't you tell her
Lookin' back, don't get too close
Where you at? Don't get too close
I've-
I've been drownin' in the feelin', feelin' like I reached my limit
Lookin' back, don't get too close
Where you at? Don't get too close
Golden pastors, open letters
If I told you, don't you tell her
Lookin' back, don't get too close
Where you at? Don't get too close
