```
I don't wanna behave
Be there 'til the dawn thinking how it's all the same
I can't get out my ways
Too much on my mind to worry how I could change
I keep realizing it's my fault
I keep realizing it's my fault
I keep realizing it's my fault
I keep realizing it's my fault
I keep realizing it's my fault
I keep realizing it's my fault
But I don't wanna behave
Be there 'til the dawn thinking how it's all the same
And I can't get out my ways
Too much on my mind to worry how I could change
```
