

# The Dark

JASIAH

Your lips  
Your touch  
Your eyes are danger  
I can't see the safer side  
The dark  
The depths  
The endless abyss  
I'm with you, I fall inside

The night  
The night  
I fall inside  
The night

I fall inside  
The night

Your lips  
Your touch  
Your eyes are danger  
I can't see the safer side  
The dark  
The depths  
The endless abyss  
I'm with you, I fall inside

I feel like I'm falling within myself  
You had me going through all this hell  
Mmm  
Always hurt  
Never heal  
I'm bleeding out  
No one's here

Mmm

Your lips  
Your touch  
Your eyes are danger  
I can't see the safer side  
The dark  
The depths  
The endless abyss  
I'm with you, I fall inside

The night

Your lips  
Your touch  
Your eyes are danger  
I can't see the safer side  
The dark  
The depths  
The endless abyss  
I'm with you, I fall inside
