

UNDERTOW

JASIAH

(Ooh, ooh)
Ayy, drowning
Huh, okay, you see?
Yuh, when you found me
I'm swimming from the undertow (Ayy), the undertow

Can't let go, can't let go, no
She's my only vice (My only vice)
Can't break the habit, I've become such an addict
I'm a total fanatic, she says (She says)
I'm falling, falling like an avalanche (Like an avalanche), yeah, yeah
h
I'm falling, falling like an avalanche, yeah, yeah

Did you save me from drowning (Drowning)
Only to leave me on the shore?
Almost dead when you found me (Found me)
I was broken, I was sore
And the waves crashing (Crashing)
Trying to pull me down to the depths below
And the waves crashing (Crashing)
I'm swimming from the undertow, the undertow

Woah, woah-oh
Swimming from the undertow
Woah, woah-oh
Swimming from the undertow

Do you want me to fly? I might fall out the sky
She don't really want the truth, she want comfort with lies
I don't wanna fight and meet my demise
So why even try, why even bother?
Not looking for no gold, I'm not searching for treasure
This hole is getting deeper, you can't even imagine
And you're the only pain that I feel is my pleasure
And I don't wanna sink, but I've been falling forever

Did you save me from drowning (Drowning)
Only to leave me on the shore?
Almost dead when you found me (Found me)
I was broken, I was sore
And the waves crashing (Crashing)
Trying to pull me down to the depths below
And the waves crashing (Crashing)
I'm swimming from the undertow, the undertow

Woah, woah-oh
Swimming from the undertow
Woah, woah-oh
Swimming from the undertow
