Captain Jack Sparrow take yo shit, can't get it back
I'ma fuck that bitch but only when the ass is fat
Leave 'em bloody red because I'm into that
Bitch, you're only tough over the internet

Your death just went viral
Hi, hoe! She gon' sing and hit a high note
With my rifle, always screaming, "Fuck the Five-O!"
I'm a psycho
I can do this with my eyes closed

I ain't givin' up, bitch, I'm really in it
Pockets too damn swole, I could fit a midget
You got me fucked up, now I'm really livid
Put you in this blunt if you really with it

Spit, piss and blood on my T-shirt
I be biting down till my motherfuckin' teeth hurt
Bitch bow down till the wrinkles on ya knees hurt
Look around now and have a motherfuckin' seizure

Piped up, I might bring out my heater
Body turn cold, left you dumped in a freezer
Get away from me, trigger happy my finger
Can't hide from me, in the shadows I linger

Captain Jack Sparrow take yo shit, can't get it back
I'ma fuck that bitch but only when the ass is fat
Leave 'em bloody red because I'm into that
Bitch, you're only tough over the internet

Your death just went viral
Hi, hoe! She gon' sing and hit a high note
With my rifle, always screaming, "Fuck the Five-O!"
I'm a psycho
I can do this with my eyes closed
