My gang don't play no games
She a little chicken wing, but it ain't no thing

I slang that dick like it ain't no thing tomorrow
These rappers need more flows to borrow
Toes get cold as I step in marble
Pussy get wet, she startin' to gargle
Bluenose pick, keep the door closed
Please let me leave without takin' a photo
Fans look at you like animals at the zoo
Say you show no love dependin' on what you do
Got a smile on my face even in a bad mood
'Cause the world'll know what you been through (Bitch)
Yeah, they treat me like a puppet
When I made a million, man, I had to say, "Fuck it"
The game already told me you hate it, you love it
You can last more than five years in it if you lucky, yeah (Bitch)
