

## Closer

Jasmine Murray

I've been mistaken and taken by another  
But I feel it shaking no I know there is no other  
And I know I can't stay the same  
I see You making a way

Oh won't You pull me closer than ever before  
Oh won't You make me stronger it's You I adore  
Oh won't You take me deeper than I've ever been  
Rapped up in Your heart again I can't wait any longer

I wanna, wanna be closer  
Wanna be, wanna be closer  
I wanna, wanna be closer  
Wanna be, wanna be closer

Oh You're awakening my passion for Your love  
Yeah I feel it rushing through the caverns of my soul  
I know I can't stay the same, no  
I say You're making a way

Oh won't You pull me closer than ever before  
Oh won't You make me stronger it's You I adore  
Oh won't You take me deeper than I've ever been  
Rapped up in Your heart again I can't wait any longer

I wanna, wanna be closer  
Wanna be, wanna be closer  
I wanna, wanna be closer  
Wanna be, wanna be closer

Oh, I wanna know You more  
More than ever before  
Oh, I wanna know You more  
Oh, I wanna go deeper  
Than if I could go  
Oh, I wanna go deeper

Oh won't You pull me closer than ever before  
Oh won't You make me stronger it's You I adore  
Oh won't You take me deeper than I've ever been  
Rapped up in Your heart again I can't wait any longer

Oh, cause I wanna be closer  
Cause I wanna be  
Wanna, wanna be closer  
Wanna be, wanna be closer  
Wanna, wanna be closer  
Wanna be, wanna be closer
