

# Shout It Down

Jasmine Murray

Why would we let these mountains  
Stand up in our way  
And what could stand against us  
Now in Jesus' name

And when the enemy  
Comes in just like a flood  
No, we won't fear, our God is Love  
The darkness runs

Ohh  
This is our Jericho  
But we are not alone  
Not alone

Everybody make it loud  
There is power in the sound  
C'mon let the fire out  
Shout it down  
Shout it down  
What is standing in your way  
Child you know it's time to pray  
He can bring it to the ground  
Shout it down  
Shout it down

Oh oh oh  
Shout it down  
Shout it down  
Shout it down

Lift up your battle cry  
Cuz you were meant for more  
No time for being quiet  
You were made to roar

Ohh  
This is your Jericho  
It's time to let it go  
Let it go

Everybody make it loud  
There is power in the sound  
C'mon let the fire out  
Shout it down  
Shout it down  
What is standing in your way  
Child you know it's time to pray  
He can bring it to the ground  
Shout it down  
Shout it down

Oh oh oh  
Shout it down  
Shout it down  
Shout it down  
Oh oh oh

Shout it down  
Shout it down  
Shout it down

See the walls fall to the ground  
Let your freedom be the sound  
Every voice sing louder now  
Shout it down  
All the doubt is stripped away  
Every fear left in the grave  
There is power in your name  
Shout shout shout it down

Everybody make it loud  
There is power in the sound  
C'mon let the fire out  
Shout it down  
Shout it down  
What is standing in your way  
Child you know it's time to pray  
He can bring it to the ground  
Shout it down  
Shout it down

Oh oh oh  
Shout it down  
Shout it down  
Shout it down  
Oh oh oh...

Shout it down  
Shout it down  
Shout it down
