

# Too Good

Jasmine Thompson

I don't know how to talk to you  
I don't know how to ask you if you're okay  
My friends always feel the need to tell me things  
Seems like they're just happier than us these days  
Yeah, these days I don't know how to talk to you  
I don't know how to be there when you need me  
It feels like the only time you see me  
Is when you turn your head to the side and look at me differently

Yeah, and last night I think I lost my patience  
Last night I got high as your expectations  
Last night, I came to a realization  
And I hope you can take it  
I hope you can take it

I'm too good to you  
I'm way too good to you  
You take my love for granted  
I just don't understand it  
No, I'm too good to you  
I'm way too good to you  
You take my love for granted  
I just don't understand it

I don't know how to talk to you  
I just know I found myself getting lost with you  
Lately you just make me work too hard for you  
Got me on flights overseas, and I still can't get across to you

And last night I think I lost my patience  
Last night I got high as your expectations  
Last night, I came to a realization  
And I hope you can take it  
I hope you can take it

I'm too good to you  
I'm way too good to you  
You take my love for granted  
I just don't understand it  
No, I'm too good to you  
I'm way too good to you  
You take my love for granted  
I just don't understand it

I'm too good to you  
I'm way too good to you  
You take my love for granted  
I just don't understand it  
No, I'm too good to you  
I'm way too good to you  
You take my love for granted  
I just don't understand it

I'm too good to you  
I'm way too good to you  
You take my love for granted  
I just don't understand it

No, I'm too good to you  
I'm way too good to you  
You take my love for granted  
I just don't understand it
