

One for the Road

Jason Aldean

I had one for the good, one for the bye
One for the kicking myself all night
One for her and all four wheels
One for the way her leaving feels
Now here it is, time to close
Now how 'bout one more before I go?

Give me one for the road she's on tonight
Her Firestones turning, Firebird burning right out of my life
'Fore the lights come on and I pay my tab
Then climb inside that yellow cab
To take me home
Give me one for the road she's on

65 south, State Route 7
Broadway, Main Street, County Route 11
Wherever she is four-lane forgetting 'bout me

Give me one for the road she's on tonight

Her Firestones turning, Firebird burning right out of my life
'Fore the lights come on and I pay my tab
Then climb inside that yellow cab
To take me home
Give me one for the road she's on

Yeah, I ain't drunk but I ain't sober
I know I'm still gonna wake up hungover on her
So what's one more gonna hurt?

Give me one for the road she's on tonight
Her Firestones turning, Firebird burning right out of my life
'Fore the lights come on and I pay my tab
Then climb inside that yellow cab
To take me home
Give me one for the road she's on
Give me one for the road she's on tonight
