

# Texas Was You

Jason Aldean

Ohio was a riverbank  
A 10 speed layin' in the weeds  
Cannonball off an old rope swing  
Long, long summer days

Tennessee was a guitar  
First big dream of mine  
If I made it, yeah, that'd be just fine  
I just wanted to play, I just wanted to play, but...

Texas was green eyes crying goodbye  
Was a long drive  
A heartache I'm still trying to get through  
Texas was you

Carolina was a black car  
A big white number three  
California was a yellow jeep  
Cruisin' down Big Sur

Georgia was a summer job  
And 'Bama was a spring break  
I got memories all over the place  
But only one still hurts, only one still hurts like

Texas was green eyes crying goodbye  
Was a long drive  
A heartache I'm still trying to get through  
Texas was you

Texas was my whole life waving goodbye  
Thought I'd die  
A heartache I'm still trying to get through  
Texas was you

It will always be you
