

# Dance With My Daughter

Jason Blaine

Momma's looks, Momma's eyes  
Her old man's fightin' side  
Stubborn heart, gypsy soul  
Tell me where does the time go

Gonna dance with my daughter  
Spin her around under the lights  
'Cause I'm just a father  
Making the most of this moment in time  
Before she lets me go, I'll hold her close  
Caught in this race against time  
Right now all I want is to dance with my daughter tonight

Greatest gift in the world  
Is a new baby girl  
Feels like God took a chance  
Placing her here in my hands

Gonna dance with my daughter  
Spin her around under the lights  
'Cause I'm just a father  
Making the most of this moment in time  
Before she lets me go, I'll hold her close  
Caught in this race against time  
Right now all I want is to dance with my daughter tonight  
Woah

And dance with my daughter  
Spin her around under the lights  
'Cause I'm just a father  
Making the most of this moment in time  
Before she lets me go, I'll hold her close  
Caught in this race against time  
Right now all I want is to dance with my daughter  
Sent straight from heaven, came down and I caught her  
For now all I want is to dance with my daughter tonight  
Woah  
Dance with my daughter tonight  
Woah
