

## Family For Christmas

Jason Blaine

Snow-covered tree tops and mistletoe  
Chestnuts roasting on the stove  
Any old song by Sinatra or Bing  
Sure would be great to hear church bells rings, but

All I want is my family for Christmas  
Under the same roof this year  
Round a tree of lights, 'neath a star so bright  
Singing a song of good cheer  
Don't want money or presents  
Only one wish, all I want is  
My family for Christmas this year

Dark spice rum and eggnog on ice  
A chair by the fire sure would be nice  
And peace on earth if I had my way  
I can still hope and I can still pray, but

All I want is my family for Christmas  
Under the same roof this year  
Round a tree of lights, 'neath a star so bright  
Singing a song of good cheer  
Don't want money or presents  
Only one wish, all I want is  
My family for Christmas this year  
It's all I want

Round a tree of lights, 'neath a star so bright  
Singing a song of good cheer  
Don't want money or presents  
Only one wish, all I want is  
My family for Christmas  
Family for Christmas  
My family for Christmas this year  
Is all I want
