

# Bad Thing

Jason Chen

First thought in my head is  
Are you lookin' for some benefits? Yeah  
All night, on my mind  
You got a smile that I can't forget

Ooh-oooh, ooh-oooh  
When you talk that talk, talk that talk  
I just shut up (Shut up)  
Ooh-oooh, ooh-oooh  
When I'm feelin' down, feelin' down  
You get me up (Get me up)

Why you so good to me? Ooh  
Maybe it's a bad thing, a bad thing  
Is it too good to be true  
Maybe it's a bad thing, a bad thing

'Cause I've been feelin' like you're more than enough  
And I'm not used to fallin' so deep in love  
Why you so good to me? Ooh  
Maybe it's a bad thing, a bad thing

And I want it, I want it, I want it, I want it more each day  
It's a feelin', a feelin', a feelin', a feelin' I can't erase  
Got me burnin' up  
You got a fire that I can't resist, no

Ooh-oooh, ooh-oooh  
When you talk that talk, talk that talk  
I just shut up (Shut up)  
Ooh-oooh, ooh-oooh  
When I'm feelin' down, feelin' down  
You get me up (Get me up)

Why you so good to me? Ooh  
Maybe it's a bad thing, a bad thing  
Is it too good to be true  
Maybe it's a bad thing, a bad thing

'Cause I've been feelin' like you're more than enough  
And I'm not used to fallin' so deep in love  
Why you so good to me? Ooh  
Maybe it's a bad thing, a bad thing

I didn't think that you would be the one to catch my eye, no, oh  
Or maybe you will be the one to ruin my whole life, yeah

Why you so good to me? Ooh  
Maybe it's a bad thing, a bad thing  
Is it too good to be true  
Maybe it's a bad thing, a bad thing

'Cause I've been feelin' like you're more than enough  
And I'm not used to fallin' so deep in love  
Why you so good to me? Ooh  
Maybe it's a bad thing, a bad thing
