

Blank Check

Jason Chen

Remember in the first grade
My shower towel was my cape
I'm a bird, I'm a plane I can be whatever, ever
Fast forward to these days
Gave up my dreams for the pay
But the kid inside me deserves better, better

Take me back in time
To a place where I
Didn't see black and white, I dreamed in color
And I was president
Dunking on Jordan
Anything I believed I could just do it

I wanna sing on the Eiffel Tower
And take a rocket straight to the moon
I wanna paint the next Mona Lisa
I close my eyes and I'm there
Not a worry or care
So where we going next?
I got a blank check
Where we going next?
I got a blank check

Feels like I'm running in place
Working a job that I hate
Go to bed, wake up and start all over, over
What if I gave it all up
To chase the things that I love
'Cause the kid inside me deserves better, yes he does

Take me back in time
To a place where I
Didn't see black and white, I dreamed in color
And I was president
Dunking on Jordan
Anything I believed I could just do it (I could do it)

I wanna sing on the Eiffel Tower
And take a rocket straight to the moon (fly to the moon)
I wanna paint the next Mona Lisa
I close my eyes and I'm there
Not a worry or care
So where we going next?
I got a blank check
Where we going next?
I got a blank check

Take me back in time
To a place where I
Didn't see black and white, I dreamed in color

I wanna sing on the Eiffel Tower
And take a rocket straight to the moon (fly to the moon)
I wanna paint the next Mona Lisa (yes I do)
I close my eyes and I'm there
Not a worry or care

So where we going next?
I got a blank check (I just wanna be)
Where we going next? (what I used to be)
I got a blank check
