

# I Got You

Jason Chen

If you ever feel alone, I'm right by your side  
I'll make you hold  
If you ever lose SIGHT, I'll be your guide, I'll be your eyes

We can be the light upon the day  
When the dark it's starts to break  
Be the shelter from the rain

We can be the light upon the day  
When the dark it's starts to break  
Be the shelter from the rain

If you falling down I'll be right there to catch you  
If you feel alone, you know I got you  
If you need somebody that can guide you through  
Hand in hand I got you

If you ever feel despair, I'll reach out my hands  
No love can compare  
And if you ever feel afraid I'll be your straight  
I'll be your faith

We can be the light upon the day  
When the dark it's starts to break  
Be the shelter from the rain

We can be the light upon the day  
When the dark it's starts to break  
Be the shelter from the rain

If you falling down I'll be right there to catch you  
If you feel alone, you know I got you  
If you need somebody that can guide you through  
Hand in hand I got you

Singing, ooh, ohh, ooh, ohh, ohh, ooh, ohh,  
And we all just singing  
I'm always stand by you, stand by you  
Take my hand, I got you (I got you)

If you falling down I'll be right there to catch you  
If you feel alone, you know I got you  
If you need somebody that can guide you through  
Hand in hand I got you

If you falling down I'll be right there to catch you  
If you feel alone, you know I got you  
If you need somebody that can guide you through  
Hand in hand I got you

If you need somebody that can guide you through  
Hand in hand I got you

If you falling down I'll be right there to catch you  
If you feel alone, you know I got you  
If you need somebody that can guide you through  
Hand in hand I got you..
