

## Just One Bite

Jason Chen

Pulled up to the drive-thru, asked what you'd like  
You said, "I'm not hungry, babe, I'll just take a bite."  
So I get my burger, my nuggets, and my fries  
Thinking this meal is all mine—oh, how wrong was I  
Now your hand's reaching over... all over my plate  
Didn't order your own... now it's too late

You said just one bite, but that was a lie  
Now half my burger is gone, in the blink of an eye  
You're sippin my drink, eating my fries  
Didn't order your own, now my food's no longer mine  
You said just one bite, but one thing is clear  
If I don't order 2 meals, ill be starving in tears

You say, it's just a fry babe, please don't be mad  
Baby girl, you just ate all I had  
You ain't hungry, but my food still goooone...  
Now I'm watchin' you lick your fingers...  
Like you ain't do nothin' wrong...  
Ohhh, next time, I'm orderin' three!  
One for you, one for me...  
And one to hide so I can eat in peace!
