

Limited Edition

Jason Chen

I was always told to fit in
But I always felt different
Always told what to believe in
That I can't be original

Tonight
The lights fade away
It's alright
Cause I'm here to stay

I hope you I hope you I hope you know

With all my flaws
Just as I am
Nobody's gonna tell me who to be
Take a look in the mirror
It's never been clearer
Now I know now I know

There's No one no one, else like me
I'm one of one
There ain't no one else like me
No one no one else like me

Every everybody listen
I'm limited edition
Living by my own vision
I'm limited edition
Every everybody listen
I'm limited edition
Now you better pay attention
I'm limited edition

Keep quiet never question what they say
Be like the other just listen do it their way
Don't really matter where the grass is greener
At the end of the day it's all within your power
Imma be me I don't need your permission
Center of the stage yeah that's my ambition
You never find a one like like me yeah
I'm Lucia so bye bye see ya

With all my flaws
Just as I am
Nobody's gonna tell me who to be
Take a look in the mirror
It's never been clearer
Now I know now I know

There's No one no one, else like me
I'm one of one
There ain't no one else like me
No one no one else like me

Every everybody listen
I'm limited edition
Living by my own vision

I'm limited edition
Every everybody listen
I'm limited edition
Now you better pay attention
I'm limited edition

No one could ever take your place
There's no winner in this race
We're all in different phase
Cause no matter what they say
You are one in a million

Every everybody listen
I'm limited edition
Living by my own vision
I'm limited edition
Every everybody listen
I'm limited edition
Now you better pay attention
I'm limited edition
