

# Me and U

Jason Chen

Once upon a time not long ago  
I was damaged I was broken  
I was living in a world feeling all alone  
Then I found you  
Anywhere you  
Are is my home  
Right, and I'll  
Always be loyal  
Me and U

We got a lotta love deep in our hearts  
We'll always be together, won't part  
People come people go, but that's cool  
Cause at the end of the day it's  
Me and U  
Me and U  
Me and U  
Me and U  
Me and U  
Me and U

Open up my eyes now I love again  
Every moment we're together  
I'm so thankful I can call you my best friend  
Anywhere you are is my home  
Right, and I'll  
Always be loyal  
Me and U

Got a lotta love deep in our hearts  
We'll always be together, won't part  
People come people go, but that's cool  
Cause at the end of the day it's  
Me and U  
Me and U  
Me and U  
Me and U  
(As long as I've got)  
Me and U  
Me and U  
Me and U

You are my world  
You are my world  
Me and U

Got a lotta love deep in our hearts  
We'll always be together, won't part  
People come people go, but that's cool  
Cause at the end of the day it's  
Me and U  
Me and U  
Me and U  
Me and U  
Me and U  
Me and U  
Me and U

Got a lotta love deep in our hearts  
We'll always be together, won't part  
People come people go, but that's cool  
Cause at the end of the day it's  
Me and U  
Me and U  
Me and U  
Me and U  
Me and U  
Me and U
