The Only One

Jason Chen

Let me tell you now
All that's on my mind
For a love like yours
Is oh, so very hard to find
Looked inside myself
Now I'm very sure
There can only be, you for me
I need you more and more...

You, turned me inside out and you showed me
What life was about
Only you, the only one that stole my heart away

And I wanna do all I can, just to show you
Make you understand
Only you, the only one that stole my heart away

When you're in my arms
When I'm close to you
There's a magic in your touch
That just comes shining through
Want you everyday
Want you every night
There can only be, you for me
You make it seem so right
Oh, girl, cause...

You, turned me inside out and you showed me
What life was about
Only you, the only one that stole my heart away

And I wanna do all I can, just to show you
Make you understand
Only you, the only one that stole my heart away

In my mind, there's no other love
You're the only girl my heart and soul is thinking of
Only you, only me
There can never ever be another
That understands the way that I feel inside
Cause...

You, turned me inside out and you showed me
What life was about
Only you, the only one that stole my heart away

Yeah, I wanna do all I can, just to show you
Make you understand
Only you, the only one that stole my heart away
