# Make It Up As We Go

**Jason Derülo**

We no don't need a label
What we got is sexy
If you like it, I love it

You let me in, they told me to come back again
You into me, I'm into you, that's all that matters, it's beautiful
You're so sweet like candy, You're so sweet like candy
What we got, What we got, so so sweet like candy
And no label on it, And no label on it
What we got, What we got, let's Make It Up As We Go

Don't stop the party, it's just getting started
Make It Up As We Go, I know you want it
I'm all upon it
What we got is sexy, What we got is sexy
Baby come undress me
Let's Make It Up As We Go

Make It Up girl, Make It Up, Make It Up, Make It Up girl
Let's Make It Up As We Go

Your friend's a met, hating cause we've got no strings attached
I know you would agree life is hella good
But every nasty piece is misunderstood, misunderstood
You're so sweet like candy, You're so sweet like candy
What we got, What we got, so so sweet like candy
And no label on it, And no label on it
What we got, What we got, let's Make It Up As We Go

Don't stop the party, it's just getting started
Make It Up As We Go, I know you want it
I'm all upon it
What we got is sexy, What we got is sexy
Baby come undress me
Let's Make It Up As We Go

Make It Up girl, Make It Up, Make It Up, Make It Up girl

Isn't this good for you, aha
As it is for me
I dig it, I dug it, for real
Isn't this good for you, aha
As it is for me
I dig it, I dug it, so real
Make It Up As We Go

Don't stop the party, it's just getting started
Make It Up As We Go, I know you want it
I'm all upon it
What we got is sexy, What we got is sexy
Baby come undress me
Let's Make It Up As We Go
