

Bleed Out

Jason Derulo

This isn't love
This isn't love, oh
Ay, I love hard love
Why you wanna put a gun on my heart?
I just gotta say, ay, oh
I just gotta say, ay, oh

I've always loved hard, so I took it slow
I guess it's my fault 'cause I'm on the go
But I always cared for you
Not saying I'm perfect, not even close
But I don't deserve this but, girl, I suppose
I wasn't there for you enough 'cause

You're coming home late, with nothing to say
Can't look me in my face, I can't live on this way
Can't live on this way
Can't live on this way, hey, hey, hey
You put a thorn in my heart (heart)
That's when it starts (starts)
Just a little tear (tear), just a little tear (tear)
That's when I bleed (oh, oh, oh)

When I bleed (bleed), I bleed out (out)
When I cry (cry), I cry loud (loud)
When I love, you can bet I'm all in
But when you leave, I bleed out
When I bleed (bleed), I bleed out (out)
When I cry (cry), I cry loud (loud)
When I love, you can bet I'm all in
But when you leave, I bleed out

I look in those eyes, there's nothing there
I'm looking into, the coldest stare
I've ever seen
We haven't touched each other forever
Don't know what I'd do, if we're not together
I'm not ready to leave, no, baby, baby, no, oh

You're coming home late, with nothing to say
Can't look me in my face, I can't live on this way
Can't live on this way (this way)
Can't live on this way, hey, hey, hey
You put a thorn in my heart (heart)
That's when it starts (starts)
Just a little tear (tear), just a little tear (tear)
That's when I bleed (oh, oh, oh)

When I bleed (bleed), I bleed out (out)
When I cry (cry), I cry loud (loud)
When I love, you can bet I'm all in
But when you leave, I bleed out
When I bleed (bleed), I bleed out (out)
When I cry (cry), I cry loud (loud)
When I love, you can bet I'm all in
But when you leave, I bleed out

Ay, I love hard love
Why you wanna put a gun on my heart?
I just gotta say, ay, oh
I just gotta say, ay, oh
Ay, I love hard love (love hard)
Why you wanna put a gun on my heart?
I just gotta say, ay, oh
I just gotta say, ay, oh (woo)

When I bleed (bleed), I bleed out (out)
When I cry (cry), I cry loud (loud)
When I love, you can bet I'm all in
But when you leave, I bleed out
When I bleed (bleed), I bleed out (out)
When I cry (cry), I cry loud (loud)
When I love, you can bet I'm all in
But when you leave, I bleed out
When I bleed, I bleed out
When I cry, I cry load
When I love, you can bet I'm all in
When you leave, I bleed out
