

# Bubblegum

Jason Derulo

Give it to me

Got me 'bout to break my neck, tell me how you pop like that  
You do it like it ain't no sweat, I've never seen a bubble so fat  
You do it all day in the mirror, you practice all day in the mirror  
Left cheek, right cheek all year, I'm calling you out and I hope you hear it

Shorty right there got a ghetto booty (woo)  
Shorty right there got a ghetto booty (woo)  
Drop a dollar on the floor hope she give it to me (woo)  
A ghetto booty, a ghetto booty (woo)  
She dump that trunk but she don't look back (woo)  
She put it in reverse and I can't be mad (woo)  
I can't be mad at that baby fat (woo)  
That's a ghetto booty, a ghetto booty

She just wanna pop pop pop pop pop pop pop pop pop that bubblegum (woo)  
She just wanna pop pop pop pop pop pop pop pop pop that bubblegum (woo)  
If she keeps blowing, it might explode, never seen a girl like you before  
She just wanna pop pop pop pop pop pop pop pop pop that bubblegum (woo, oh, yeah)

You do it like a professional, but you gon' get on schedule  
Looking so pretty in pink, acting like your shit don't stank  
You do it all day in the mirror (all day), you practice all day in the mirror (all day)  
Left cheek, right cheek all year, I'm calling you out and I hope you hear it

Shorty right there got a ghetto booty (woo)

Ha, blow it like a bubble, bazooka, baby  
Clouds on the couch, you my hookah, baby  
She got that senile, make a grown man crazy  
Got that senile, make a grown man crazy  
Ha, shorty in the gym, ass-mazin' (agh)  
I pull up, I get her, as easy  
It's too late to go back, she look back, I'm cheesin'  
I'm Kodak, my Rolex, a moment, the history  
Yeah, pussy bomb, tick-tock (agh)  
Eyes lock, lip lock, thing pop, I'm done (agh)  
T-Raww, heart numb, no love, heart spun  
Baby, give me some yum yum (woo)  
Big wheelie, surfboard (yeah, surfboard)  
Wheelie on the jock, do your thang, girl

And I need me a ride or die and you's a freak  
I got seven different girls every day of the week but

Shorty right there got a ghetto booty (woo) {agh, yeah}
