

# Champion

Jason Derulo

All my good people  
Oh, oh  
Let me see you

Ooh, put your lighters up  
Burn, burn, burn all the darkness from the world  
And keep dancin'  
Love yourself and take chances (Yeah)  
Ooh, but it ain't no rush  
Learn, learn, learn, 'til you conquer all your fears  
And keep dancin'  
'Til you're the last one standin'

It can only be one world  
It can only be one  
It can only be one love  
It can only be one  
Ain't no better feelin' than believin' in myself, yeah  
It can only be one world  
It can only be one champion  
(Come now, now, come now, now  
Hey-ey-ey-ey-yeah)  
It can only be one  
(Come now, now, come now, now  
Hey-ey-ey-ey-yeah)

Ooh, □□□□□  
Count to three, □□□□□  
□□□□□□□□□□ (Yeah)  
□□□□□□□□□□  
□□□□□□□□□□  
□□□□□□□□□□

It can only be one world  
It can only be one  
It can only be one love  
It can only be one  
(□□□□□□□□□□ feel, yeah)  
It can only be one world  
It can only be one champion

It can only be one  
(Only one)  
Champion (Champion)

It can only be one world  
It can only be one  
It should only be one love  
It can only be one  
(□□□□□□□□□□ feel, yeah)  
It can only be one world  
{It can only be one champion}

([?])  
Oh baby, yeah  
Champion  
(Whoa, whoa)

(Whoa, whoa)  
(Whoa, whoa)  
Only be one champion  
([?])  
Ooh, come on on  
Come on on  
([?])  
It can only be one champion
