Jason Derulo  
Yeah  
Down, down, down, down

What happen at the club stay at the club  
We ain't gotta tell nobody  
Lady in the streets, freak in the sheets  
I need proof, I'm sorry

I got two, two types, two, two types, yeah  
Tell me which one are you tonight? Just

Bad gyal go on vacation  
Good gyal go stay in town  
She's going straight to Heaven  
Bad gyal go down, down  
Try not to misunderstand  
I like the good one around  
She wants to go home early  
Bad gyal go down, down

(Down, down, down, down)  
(Down, down, down, down)  
You love to go down  
Don't ya?  
(Down, down, down, down)

Drinking from the bottle (Drink)  
Say that you a model  
Drink all day, play on night  
Give a fuck if you shallow

'Cause I got two, two types, two, two types, yeah  
So tell me which one are you tonight? Just

Bad gyal go on vacation  
Good gyal go stay in town  
She's going straight to Heaven  
Bad gyal go down, down (Down)  
Try not to misunderstand  
I like the good one around  
She wants to go home early  
Bad gyal go down, down

(Down, down, down, down)  
(Down, down, down, down)  
You love to go down

Monday, margaritas (Pour up)  
Tuesday, rolling up  
Wednesday, you a freak  
Thursday, you in love  
Friday, slow grind  
Saturday, shake your ass  
Sunday, press "Rewind"  
And do it all again, oh

Oh, babe  
Don't ya?  
And do it all again  
(Down, down, down, down)  
You love to go down
