

## Encore

Jason Derulo

Yeah, yeah, yeah, yeah  
(I know it was a one night thing)  
Yeah, yeah, yeah  
(A one night stand)  
(Can we do this again?) Jason Derulo (let's go)

Would you mind, girl? If I told you  
Last night really blew my mind  
Would you mind, girl? No disrespect  
But can we do it one more time?

Should I hit you up (up)? Should I just give up (up)?  
Tell me, should I just walk away?  
Would you let me in (in)? Should I just give in?  
I need to get you back on the stage

You're so amazing. Remember the time  
Just thinking about you gives me butterflies  
So open the curtains and let me inside for more  
Save the bell 'cause I want you now, baby. Hit me with an encore  
I want some more. I want some more  
I want some more, baby. Hit me with an encore  
I want some more. I want some more  
I want some more, baby. Hit me with an encore

An encore, an encore

Would you like, girl, for me to touch you?  
I can come and press rewind  
Take it right back (back), rubbing your back  
Trace your body, every line (chills)

Should I lay you down (down)? Should we do this now (now)?  
Tell me when, just give me a sign (give me a sign)  
Are you in or out (out)? 'Cause there ain't no doubt? (Yeah)  
'Cause I'll make this night the night of your life

You're so amazing, remember the time  
Just thinking about you, gives me butterflies  
So open the curtains, and let me inside for more  
Save the bell 'cause I want you now, baby, hit me with an encore  
I want some more, I want some more  
I want some more, baby, hit me with an encore  
I want some more (yeah), I want some more  
I want some more, baby, hit me with an encore

An encore, an encore  
An encore, oh, whoa, yeah

Whoa, whoa, whoa  
Baby, hit me with an encore  
Whoa, whoa, whoa  
Did you save the bell? 'Cause I want you now, baby, hit me with an encore

You're so amazing, remember the time  
Just thinking about you, gives me butterflies (gives me butterflies)  
So open the curtains, and let me inside for more (for more)

You can save the bell 'cause I want you now  
Baby, hit me with an encore  
I want some more, I want some more  
I want some more, baby, hit me with an encore  
I want some more, I want some more  
I want some more, baby, hit me with an encore

An encore, an encore  
An encore, oh, whoa, whoa, yeah (yeah)
