

Freak Like Me

Jason Derulo

You ain't gotta audition, baby
You already go the part
Why you tryna act shy, shawty?
I know exactly what you are
Shots of Tequila (-quila)
Head to the bathroom; it's on
Follow the leader (leader)
Your girls will know that you're gone

Don't hold back now
Takes one to know one, it's easy to see
I'm on the floor with a freak like me
(Oh, oh, oh, oh)
Takes one to know one, it's easy to see
I'm on the floor with a freak like me (freak)

Shake I up and let it pop on me
Make you sticky on the floor, uh
I get into your head too much
But then I give a little more
So you a screamer (screamer)
Let's see how loud you can go
Just pull that skirt up (skirt up)
Trust me, nobody will know

Don't hold back now
Takes one to know one, it's easy to see
I'm on the floor with a freak like me
(Oh, oh, oh, oh)
Takes one to know one, it's easy to see
I'm on the floor with a freak like me (freak)

DTF; it's just the way that I are
My tank is never on E
It's in my DNA, okay?
DTF; it's just the way that you are
Your tank is never on E
It's in your DNA, okay?

(Don't hold back now) Don't hold back now
(Don't you do it, don't you do it, baby)
Takes one to know one, it's easy to see
I'm on the floor with a freak like me
Yeah, get down, d-d-dicky, dum, dum, dum
(Oh, oh, oh, oh) With a freak like me
Takes one to know one, it's easy to see
I'm on the floor with a freak like me
