Last night (Uh), last night (Mally Mall)  
Last night (Uh), last night  
That's what you told me

Last night felt like our first night (First night)  
Back when you was 'bout that life (Yeah)  
Invite two friends, hit it three times (Three times)  
You don't get jealous, I can see now

You know them hoes gon' hurt (Git), hurt (Git)  
Mornin' turned into noon (Noon)  
Off the Hen' and Goose (Goose)  
Didn't we stay, didn't we stay in the rah, room? (Room)  
We both have things to do  
We both got things to lose (Yeah)  
Suction, gave me that

Pull up on me (Oh, baby), pull up on me (Yeah, skrrt, skrrt)  
Drop my top (Skrret, skrret), pull up on E (Ooh-oo, skrret, skrret)  
You probably can't tell, my heart on E (My heart on E, yeah)  
You probably won't tell me  
What you tell me last night?

Last night (After we fucked, uh), last night (You fell in love, yeah)  
Last night (You fell in love, uh), last night  
That's what you told me (Uh)  
Last night (When we got drunk, last night), last night (You backed it up, last night)

Coachin', I call all the shots (Yeah, it's Gucci)  
My AP is wet as a yacht (Burr)  
Last night, she told me she love me  
But now she act like she forgot (Damn)  
Tonight is my night, so I'm fuckin' her twice  
Ballin' like it's the last night of my life  
Big diamond crosses like Holy Christ  
We flyin' at night just to blow on my dice  
Huncho and Derulo, the car came with a umbrella (Wop)  
The Maybach seats like pillows and the Lambo truck bright yellow (Huh, Wop)

Last night (After we fucked, uh), last night (You fell in love)
