

Make It Up As We Go

Jason Derulo

We don't need a label
What we got is sexy
If you like it, I love it
Oh, yeah

You let me in (mm, uh-huh)
You told me to come back again (uh-huh, ha)
You into me, I'm into you (mm, uh-huh)
That's all that matters girl, it's beautiful (be-be-beautiful)

You're so sweet like candy, you're so sweet like candy
What we got, what we got, so, so sweet like candy
With no label on it, with no label on it (hey, hey, hey)
What we got, what we got (hey, hey, hey)

Let's make it up as we go
Don't stop the party, it's just getting started, oh
Make it up as we go, I know you want it
I'm all up on it, oh
What we got is sexy, what we got is sexy
Lay me down, undress me, oh
Let's make it up as we go
Hey, make it up, make it up, girl
Make it up, make it up
Make it up, make it up, girl
Let's make it up as we go

Uh, yeah, your friends are mad (mm, uh-huh)
Hating 'cause we've got no strings attached, oh (yeah, uh-huh)
I know you would agree life is hella good (mm, uh-huh) (oh yeah)
But every masterpiece is, misunderstood, misunderstood

You're so sweet like candy, you're so sweet like candy
What we got, what we got, so, so sweet like candy
With no label on it, with no label on it (hey, hey, hey)
What we got, what we got (hey, hey, hey)

Let's make it up as we go
Don't stop the party, yeah, it's just getting started, oh
Make it up as we go, I know you want it
I'm all up on it, oh, hey
What we got is sexy, what we got is sexy (c'mon)
Lay me down, undress me, oh
Let's make it up as we go
Hey, make it up, make it up, girl
Make it up, make it up (yeah)
Make it up, make it up, girl

Is it as good for you (uh-huh), as it is for me? (Uh-huh)
I dig it, I dug it, for real
Is it as good for you (uh-huh), as it is for me? (Uh-huh)
'Cause I dig it, I dug it

So we'll make it up as we go
Don't stop the party, ha-ha, it's just getting started, oh
Make it up as we go, I know you want it (oh, baby, baby)
I'm all up on it, oh (oh, no)

What we got is sexy, what we got is sexy (oh, baby)
Lay me down, undress me, oh
Let's make it up as we go

Ha-ha-ha
You know I fucks with you
