

# Naked

Jason Derulo

You're my favorite

I treat my penthouse like basements, yeah (faded)  
I treat a bad bitch like she basic, aw yeah (faded)  
I hit three hundred hoes way before I was famous, yeah (faded)  
I'm faded, I'm faded, I usually don't say shit (faded, faded)

She would fuck with a nigga even if I ain't had no bitch  
She wanna take it slow, I told that bitch to go pop some Xans  
She said, "I took about three, I don't know how long it's gon' last"  
I tell her, "Shut the fuck up" 'cause she love when I talk like that

I just wanna get you naked  
I just wanna get you naked  
I, I just wanna get you naked  
Out of all the pussy you're my favorite (you're my favorite)

And all my niggas say, "Jay, you better chill, better know you're a keeper"  
Bought you a Benz with the windows tinted, can't nobody see you  
I just wanna get you naked  
Out of all the pussy you're my favorite  
Oh  
Smoke that shit by the O  
Fuck her so good she like oh  
My nigga I'm a CEO, oh, oh, oh

Look we can talk about hits or talk about who I hit  
Did a song with 2 Chainz but I was rockin' my shit  
Yeah, I broke up with my ex, I ain't talk to her since  
The only time I need a spark is when I light up my spliffs  
Yeah, I been all around the world, probably write me a book  
Three kitchens in the crib, I don't know how to cook  
I got a mansion in Miami, I forgot how it look  
All I need is two things and that's pussy and kush  
Waving in the foreign, nigga, always  
Got a nigga feeling like the God, I think I'm Charlamagne  
Too much for all the plaques in my hallways

She would fuck with a nigga even if I ain't had no bitch  
She wanna take it slow, I told that bitch to go pop some Xans  
She said, "I took about three, I don't know how long it's gon' last"  
I tell her, "Shut the fuck up" 'cause she love when I talk like that

I just wanna get you naked (naked)  
I just wanna get you naked (oh)  
I, I just wanna get you naked (get you naked, baby)  
Out of all the pussy you're my favorite (you're my favorite)

And all my niggas say, "Jay, you better chill, better know you're a keeper"  
Bought you a Benz with the windows tinted, can't nobody see you  
I just wanna get you naked (naked, ooh)  
Out of all the pussy you're my favorite  
Oh  
Smoke that shit by the O  
Fuck her so good she like oh  
My nigga I'm a CEO, oh, oh, oh

Out of all the pussy you're my favorite, favorite, aw, aw no no no
